PATENT MEDICINES.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10. feb2 1yd&w

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

These Pills being composed entirely of medicinal herbs are of a most harmless nature, while the extraordinary virtues they possess have rendered them universally popular in nearly every part of the world. The immense success they have met with throughout the States is most extraordinary, owing, it is presumed, to their wonderful efficacy in the cure of Bilious complaints and disorders of the Liver and Stomach. Persons who persevere in using them in accordance with the directions, seldom fail in being restored to health.

WEAKNESS AND DEBILITY,—RESTORATION TO HEALTH OF A GENTLEMAN, AGED 45, WHEN AT DEATH'S DOOR.

Copy of a Letter from the Rev. Charles Smith, dated Norton, St. Philips, near Bath, Somersetshire, 11th August, 1853.

To PROFESSOR HOLLOWAY,

Sir,—A Mr. JOSEPH PUXTON, formerly a resident of this place, had been in a declining state of health for upwards of three years, gradually wasting away to a shadow by nightly perspirations and want of appetite, which caused great uneasiness to his friends, as he had consulted various medical men in Bath, without effect. He at last used your Pills, and under providence was restored to health by their means. He lately emigrated to New York, and has just written to say, that he was never better in health, and desired me to acquaint you with the circumstance. I ought also to mention, that my wife had derived great benefit from the use of your Pills.

I remain, Sir, yours respectfully,

CHARLES SMITH, Dissenting Minister.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced any symptoms of relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,

July 23d, 1853. (Signed) J. GAMIS.

Our Late "Democratic" Legislature.

We have taken occasion to express our sentiments in regard to the late "Democratic" Legislature in pretty plain terms; the only difficulty, indeed, being, to find terms sufficiently severe to characterize their conduct as it deserves. We have copied, too, articles from different journals in the State, Democratic as well as Whig, embodying similar opinions, and demonstrating that party had nothing to do with the strictures of the press. As illustrative of the same fact and of the general opinion entertained of the late Legislature, by men and papers of all parties in Wisconsin we copy the material portions of a caustic article on this subject in the last Sheboygan *Secretary*, a zealous and efficient "Democratic" organ. How many such lessons will the People of our State need before they resolve to throw off the party yoke which oppresses them so sorely and has cost them so dear?

The Legislature adjourned on the 3d inst., after a session of about three months, during which more has been done that ought not to have been done, and less that should have been done, than perhaps was ever before accomplished by any legislative body, and we have no hesitation in saying, *that for recklessness and extravagance, it has no parallel in the history of this or any other State.* The greater part of the session has been wasted in useless and nonsensical discussions, upon questions of no practical importance or interest to the people, or upon laws so manifestly useful and necessary, that no time should have been spent in their consideration. The effect of this has been, to crowd into the last few days of the session an immense mass of business, which has been rushed through amidst the scramble and confusion that always attends the closing up of Legislative bodies; without any consideration or regard for the public interests; and as a further result some of the best bills, which were desired by the people, were thrust aside and lost to make room for *private and corrupt schemes, to defraud and plunder the treasury.*

* * * * *

The whole expenses of the State ought not to exceed about $60,000 a year, and yet last year the enormous tax of $150,000 was levied upon the people for that purpose, and we are told that the State, after this large expenditure, is now in debt, and that for the next year we must pay the still more enormous tax of TWO HUNDRED AND TWENTY FIVE THOUSAND DOLLARS. If this were levied *per capita*, it would be nearly one dollar for every man, woman and child in the State. If we could see this large amount of money expended for some good purpose,—if we could see some equivalent in the building up of institutions for the promotion of the moral, intellectual and material improvement of the people, which would exalt and elevate the character of the State, we should have nothing to say against even a larger tax; but when we see the public money made the prey of A REGULAR SYSTEM OF THE MOST SHAMELESS FRAUD, PLUNDER AND ROBBERY, we must demur and pray to be delivered from any power or party, that will sanction or sustain it. If the people could look over the items of the expenses and appropriations made by the last legislature, and could then scrutinize the means that were employed to obtain them, the bargaining, the logrolling, the lobbying, buying, selling and all the appliances of studied corruption, that go to make up the system, *they would recoil from the sight with shame and horror, and with a determination no longer to submit to such monstrous iniquity.*

* * * * *

It is time that the people throughout the State were aroused to the importance of a change in the character of our representatives and our legislation. It is apparent that something should be done to save the credit of the State from utter ruin. We are now taxed and governed to the last extremity. We begin to bleed at the heart and must obtain relief soon, or give up in despair and submit to our fate. Emigrants are already turning away from our shores and many of our best citizens threaten to leave us, unless something can be done to stay the tide of corruption that seems to be sweeping over us. We know of no better mode to remedy the evils that beset us, than to select for our officers honest, sober, independent, intelligent and practical men. Select not the man, who prates long and loud of his democracy and swears that he always voted the straight ticket, but rather select the man, whose democracy, shines forth in a pure and unsullied character, challenging the respect and good opinion of his fellow men for honesty, virtue and truth.—With such men for our Officers and Legislators, we may redeem the past and secure the future. Without them, all is lost for good.

State Historical Society.

The Madison *Journal* contains a report of the proceedings of the last monthly meeting of this Society, which now promises so much usefulness to the State. Communications from various other State Societies, and from eminent literary men, were presented, promising their co-operation with the Wisconsin Society. The Report says:

> Fifty volumes of donated books were acknowledged as having been received since the last meeting; and about two hundred others deposited with the Society's Eastern Agents, besides a number of "parcels" and "packages," and in one instance, a "box."
>
> The arrangement for procuring a complete set of Niles' National Register, some 78 volumes, has been effected, and its arrival may soon be expected, together with the fifty odd volumes recently purchased at the New York book sale, and the New York city donations. When all these works are received, with the others on deposit, the Library will exhibit an increase of nearly six hundred volumes during the past six weeks.

Thanks were voted to Darwin Clark, of Madison for files of Madison papers from 1839 to 1851, and the Cooperstown Freeman's *Journal* from 1837 to 1851. Also to the painter Sully for his offer to paint a portrait for the Society; to Clark Mills for a statuette of Gen. Jackson; and to Charles F. Adams for a set of ten volumes of the works of John Adams; and to others for contributions.

A memorial to Congress, and also to the Secretary of the Treasury, was adopted, asking for copies of the national medals to be struck in bronze, and distributed to the several Historical and Antiquarian Societies, and also to M. Vattemare—the dies of about fifty of which are in the mint at Philadelphia, as Col. J. R. Snowdon, the Director, has informed the Society.

Several corresponding members were chosen; and Messrs. J. P. Atwood, D. J. Powers, E. W. Keyes, and V. W. Roth, were elected active members.

Adjourned till the first Tuesday evening in May.

The Connecticut Election.

The Detroit *Free Press* is entitled to the medal, for having discovered the reason for the defeat of the "regular democracy" in Connecticut. It says:

> We attribute the defeat mainly to a single cause. A portion of the democratic press of the state sought to discard the Nebraska bill as a democratic measure. In the localities where this was done, the defeat is overwhelming, whereas where the doctrine of popular sovereignty was boldly proclaimed, the democrats maintained their strength.

That *is* good. Good as a joke, if intended as such; and better if there be any truth or seriousness in it, since, in the latter case, it betokens an awful whipping of the recreant "democracy" in Wisconsin as soon as the PEOPLE can get at them; because the "democratic press of this state" are with a few trifling exceptions, entirely "discarding the Nebraska Bill as a democratic measure." And what is worse, good friend—wise friend—of the *Free Press!* the "regular democracy," by a great majority as we think, uphold these refractory presses.

The lake is open entirely across opposite this village. If the weather keeps warm one week longer, there will not be ice enough in the lake to impede the progress of a steamboat.—*Hudson (St. Croix) Journal.*

Mail Irregularities.

Letters are constantly reaching us, complaining of irregularities and failures in the receipt of the *Sentinel*. We can assure our friends in the country that these things annoy us quite as much, as they do them; but what can we do? Our weekly issue is mailed with unvarying punctuality on Tuesday night of each week, unless it may have happened that some very important telegraph news has been expected, when we have in two or three cases held over for one day. But, at all events, packages of papers to the same office ought to go together, and ought to reach their destination on the same day of each week.

Mr. W. H. TAYLOR, a subscriber in one of our clubs at Waupun, Dodge Co. writes us as follows;

> I have long been a subscriber to your paper, and it has always been on hand in season, until some time past, say some three or four weeks.—I am a subscriber in a club of 13 at this place, and that package in which usually the 13 are contained of late has not been received regularly; sometimes it has come from the north, and sometimes it has not come at all. It seems to me that an arrangement might be made that subscribers might get their papers more regularly. If I cannot get my papers regularly in club, I must have it enveloped and sent post marked to me, as I *must* have the *Sentinel.*
>
> I am, &c., W. H. TAYLOR.

We had yesterday a call from Mr. Smith, the late postmaster at Waupun, who satisfied himself that our mail books were correct. At his suggestion the names of the club of 13 will be hereafter written upon their papers, in the same manner as the others at that office.

Here is another letter;

> Stockbridge, April 4th, '54.
>
> *Messrs. Editors:*
>
> Enclosed you will find one dollar for the Milwaukee weekly *Sentinel*. I have taken your valuable paper for the last 2 or 3 months. I sometimes get it the Thursday after publication, and frequently not till Saturday. I think if it is put in the P. O. before the Wednesday mail is made up for Fond du Lac, I shall get Thursday, &c.
>
> O. P. DE LAND.

Our subscriber may rest assured that, with the very rare exception above mentioned, the Weekly is mailed on Tuesday evening.

That we are not alone in our mail troubles, let the following, among numerous articles of the kind, testify. We find it in the Sauk Co. *Standard*, (democratic;)

> OH, THE MAILS!—We very much dislike to find fault, but when a half dozen bushels of mail matter is delayed on the road, we cannot suppress our indignation. Saturday's mail brought us 4 daily Sentinels, 3 Wisconsins, and half a dozen each of the Madison dailies, and some of our weekly exchanges due two weeks before. Now, where in the——world could they have been delayed? About ten bushels of eastern mail matter was received at this office Saturday last.—We trust there will be more regularity when we have a mail direct from Madison, which commences the first of July.

Spring Elections.

FOLLOWING THE FASHIONS.—The following are the officers elected in the city of Sheboygan, all being nominated on the People's Ticket, except the Treasurer and Marshal:

Mayor.—J. F. Kirkland.
Treasurer.—Francis Geele.
School Sup't.—H. N. Ross.
Police Justice.—J. Weidig.
Marshal.—J. Wolverton.
Aldermen, 1st Ward.—D. M. Hanscom, A. Bintz, J. Schubert.
2nd Ward.—G. T. Moore F. Aude, Andrew Brothers.

In the Town of Sheboygan Falls, the People's Ticket was elected entire, Joseph Richardson Chairman of the Board of Supervisors.

In Manitowoc village, the following are the officers chosen:

President of the Board of Trustees.—William Bach.
Trustees of 1st Ward.—Rich'd Steele, Adden Clark, Gerard Kremers.
Trustees of 2nd Ward.—E. D. Beardsley, C. W. Fitch, L. Sherman.
Treasurer.—J. P. Dunn.
Marshal.—T. C Shove.

In Two Rivers, the following are elected:

Supervisors.—Chairman, Timothy Harrington, Mitchell Martell, Valentine Kaufmann.
Town Clerk.—Chas. B. Daggard.
Town Treasurer.—Alex. McCollum.
Justices of the Peace.—Timothy Harrington, John Oswald.
Sup't of Schools.—H. D. Bostwick.
Assessors.—Alex. McCollum, Joseph Salva, G. Berger.

PLATTEVILLE TOWN ELECTION.—The Platteville *American* says that their recent Town Election was the best contested of any ever held there. Two tickets in the field, "Temperance" and "Farmers, Mechanics and Miners"—both mainly composed of Temperance men. JOHN H. ROUNTREE was elected Chairman of the Board of Supervisors, receiving 228 votes to 114 for his antagonist, E. BAYLEY. B. F. WYNE was elected Clerk; J. MINER, Treasurer; J. W. VAN ORMAN and F. HOLLMAN, Justices; and H. PERRY, School Superintendent. The following Town Tax was voted:

For incidental expenses,	$300
" Roads and Bridges,	350
" Poor Fund,	50
Total Town Tax for all purposes,	$700

The *American* adds:

> Hogs and Cattle were voted *Free Commoners.* In this last vote the people of the Town disagree with the Board of Trustees. The Village Board have passed an ordinance, which is now in course of publication, restraining hogs, which we assented to, and which we think is for the best interests of the community at large.

We think the Trustees and the *American* decidedly in the right on this question.

☞ We trust that Gov. Barstow has not signed all the bills that passed the Legislature making appropriations. Some of the claims that passed have been rejected repeatedly, and are absolutely farcical. If the Governor had vetoed half of the acts, the people would have been the gainer.—*Wisconsin.*

Such was the "trust" expressed by the *Wisconsin* just at the close of the Session. It has had ample time, since, to ascertain just how far its trust was well grounded. We should like to hear the opinion of our out-spoken contemporary on this point now. What does it think of Gov. BARSTOW's signing *every one* of these "absolutely farcical" and "repeatedly rejected" claims?

THE ARMY OF EDUCATION.—By the census of 1850, the whole number of public schools in the Union was 80,991, having 92,000 teachers, and 3,354,173 scholars. Besides these there were enough pupils in attendance upon private schools, to make up the number to 4,000,000.

This army of *four millions* of children of free men is our sure guarantee of the preservation of republican institutions in this country. Education of the people is the strong and sufficient bulwark of the government under which we live and prosper.

> The battle in Illinois will be a sharp one; but we have not a doubt that the People will damn the leaders who are urging on the gigantic iniquity of the Nebraska swindle.—*Wisconsin.*

These "leaders" are the Democratic Administrations, State and National. Do we understand the *Wisconsin* as "damning" them thus emphatically? Or does it restrict its anathemas to Mr. DOUGLAS, who is merely the spokesman for PIERCE & Co.

INFLUENCE OF MORAL HABITS OVER BUSINESS.—A gentleman of St. Croix Falls, by the name of Folsom, entered into the lumbering business, employing, as we have been told, eight men and a team of six oxen. He admitted neither cards nor whiskey into his camp, but in their stead supplied his men with newspapers, to divert and interest them through the long evenings. The result is, he has accomplished a larger winter's work than many who have employed much more help than himself, having cut and hauled to the river logs enough to make one million feet of lumber.—*Hudson Journal.*

M. & M. R. R.—The Madison Journal says:

> We understand that the iron track is being laid on the Milwaukee and Mississippi railroad, between Stoughton and this place, at the rate of about a half a mile per day; and it is presumed that it will be completed to this point by the 10th of May, if the bridge across 3d Lake can be finished by that time.

Last Sunday, some eight or ten men arrived in town from the copper regions, for the purpose of pre-empting land. The amount of travel from Lake Superior to this village has made the new road quite good. No special news from that region.—*Hudson Journal.*

SHEBOYGAN COUNTY—TOWN ELECTIONS. We learn from the Sheboygan *Secretary* that whig Supervisors have been chosen in Sheboygan Falls, Lyndon, Greenbush, Scott, Sheboygan, and 2d Ward, Sheboygan City; Free Soil in Lima, and "Democrats" in the remaining towns. The elections, adds the *Secretary*, were not generally conducted on party grounds.

SOLDIERS OF THE WAR OF 1812.—A soldier, who enlisted July 28th, 1812, for five years, and was honorably discharged on the 19th of May, 1814—a private in Capt. Paxton's company, enlisted at Louisburg, Virginia—desires to learn the address of the surviving members of said company, officers or privates, as he wishes to prove his identity at the Pension office. His name is Jacob Snell. Address him at Hartford, Washington Co., Wis., or his Attorney, Geo. E. H. Day, Milwaukee.

☞ The Hudson *Journal*, a "democratic" paper, closes an article on the Nebraska iniquity in these terms:

> We are no Freesoiler, neither do we advocate freesoil principles, but we are opposed to extending the area of slave territory. Neither do we hold up before the gaze of our readers and commend what is generally called 'British philanthropy,' as some of our cotemporaries do; neither do we join in the indiscriminate and bitter denunciations of freesoilism; nor have we any disapprobative and bitter curses to lavish on those who do hold slaves, for the necessities which surround them justify them in doing so. But our Nation has no necessities that compel, or even justify her in extending her area of slave territory, and we shall ever pronounce our bitterest anathemas on those of our senators and representatives who may aid in making extensions to the slave territory of our Nation!

Cruise of the Hecla, and Departure of the Baltic Fleet.

Late English papers bring us the following accounts of the cruise of the British steamer *Hecla*, taking soundings in the Baltic, and of the departure of the great fleets for that northern sea.

The British Admiralty or the Naval Commander, preparatory to the departure of the fleet for the Baltic, despatched the steam sloop Hecla, with a large number of surveying officers, to explore the seas and harbors at the entrance of the Baltic. She left Hull on the 10th of March, and on the evening of the fourth day from her departure arrived at Christiansand, on the Scaggerrac, having encountered violent snow storms on the coast of Norway. She proceeded to Christiana, at the head of the bay. There she carried a line of soundings across the bay, and procured a set of Norwegian charts and a government pilot.

She proceeded down the sea through the Cattegat, long the Swedish coast and through the Great Belt, between the Islands of Funen and Zeeland, which she found easily navigable. She continued to explore both coasts, coming to anchor at Wingo sound, and Nyborg roads, and sounding all the way, passen between Relshio and Spago, and by the Langland Ceep, and proceeded on to Kiel where she came to anchor. She afterwards visited Copenhagen, and various other points, and returned in obedience to orders, and arrived at the Downs on the 12th, and proceeding towards Spithead fell in with admiral Napier's fleet near Dover, having passed over a distance of 3000 miles. The Hecla found no ice in the Baltic.

According to the report of her officers, Christiansand appeared to be the best port for a fleet to anchor in on the coast of Norway, Wingo Sound on the coast of Sweden, Nyborg in the Great Belt, and Kiel Bay, on the eastern coast of Holstein, a little to the south of Schleswig, the most advantageous of any for a large fleet. It is a capacious and most beautiful bay, and possesses the paramount advantage of communication by railway with Hamburg, besides any amount of victualling supplies, which are both good and cheap. Coals are also plentiful, and may be had at a reasonable contract price.

The Hecla transferred to the fleet the masters and second masters on board, and furnished two pilots to each ship of the squadron.

DEPARTURE OF THE FLEETS.—The Fairy, having accompanied the first part of the division for several miles, was stopped, and the Queen, with a regular flotilla of boats and steamers around her yacht, saw ship after ship under easy sail pass by to fight the battles of the country. Each crew mounted once more into the rigging to give her a round of parting hurrahs, and topgallantsails were lowered—that mark of respect which the navy itself receives from the Mercantile Marine. When the Duke of Wellington approached the royal yacht, the rest of the fleet were already dim and faint in the distance. Though under no press of canvass, the brisk west wind had carried them well out to sea, the Royal George fitly closing in the receding line with her huge hull and spreading sails. The crew of the flag ship had now in their turn to give their farewell cheers. They sprang up the rigging with astonishing rapidity, not stopping, according to custom, at the cross-trees, but mounting upwards until the most adventurous spirits had reached the very summits, for the honor of possessing which they struggled.

The hurrahs from the crew of the Duke of Wellington, at bidding farewell to their Queen and country, will long ring in the ears of all who heard them. Her Majesty stood waving her handkerchief towards the mighty ship as she departed, and for a long time after the whole fleet had gone, the royal yacht remained motionless, as if the illustrious occupants desired to linger over a spectacle calculated to impress them so profoundly.

The fleet proceeding on its voyage passed down at 3 o'clock on the following afternoon, and proceeded to the Downs, where it came to anchor, and remained waiting for orders until the following afternoon, the 14th, when it proceeded towards the Baltic.

Again, on the 16th, the Queen and Prince Albert in the yacht Fairy, visited Spithead to witness the departure of Rear Admiral Corry, with the second squadron for the Baltic. The Queen was received as before, with similar ceremonies, and the flag steam ship Neptune of 120 guns, accompanied by the Bull Dog, proceeded on the voyage, to be followed by several other ships in a few days.

The Gale at Chicago.

The *Tribune* gives us the following relative to the brig *Minnesota*, and other vessels mentioned in our despatch:

> The sea having in a measure subsided, the gallant tug Eclipse, under charge of Capt. Brown, with a number of Lake Captains on board as volunteers, started to the rescue. The brig was soon reached, although the little tug was tossed about on the crest of the waves like a cork. A heavy hawser having been made fast to her, the brig was taken in tow, and in about two hours was safely brought into the river, with four feet of water in her hold, and having experienced damage to the amount of about $2,000. She will discharge her cargo, and go in the Dry Dock for repairs.
>
> The same tug brought in safely the brigs *David Smart* and *Enterprise*, and the barque *Norman.*
>
> The brig Caroline, Capt. Chase, which sailed from this port on Tuesday forenoon last for Buffalo, (being the first vessel to leave here this season for the lower lakes,) with a cargo of 12,952 bushels of corn, returned yesterday afternoon, in distress—having lost her centre board during the gale on Sunday night, while lying to, and also leaking about 20 strokes per hour. Capt. Chase reports having experienced fair weather from the time he left port until noon of Thursday, when he was met by a heavy gale from the North; at that time, he was 30 miles this side of the Manitous, and a few hours more of good weather would have carried him under the lee of the Islands, but it was as far North as he was able to get.
>
> The gale lasted until last evening, blowing fiercely every night, when he would square away and run before it or lay to; and again work to windward during each succeeding day, when the weather would moderate. The brig's deck was frequently washed by the high seas, and several strips of her bulwarks were carried away.
>
> Capt. Chase says he never saw the waves on Lake Michigan run so high as during this gale, and although his gallant brig breasted the storm like a duck, still he was fearful at times that the sea would engulf her, especially during the heaviest of the gale at night, when the pumps became choked by the grain.
>
> The Caroline split her main sail and carried away some of her light rigging, during the storm.

FROM WASHINGTON.

Special Dispatch to The N. Y. Tribune.

Washington, April 7,1854.

Mr. Preston of Kentucky, broke down in his speech in favor of the Nebraska bill. He disappointed the expectations of his best friends.

There was a long discussion in Executive Session to-day on the Gadsden treaty. Mr. Bell made a strong speech in its favor. The opinion prevails that the Treaty will fare as bad as Nebraska did in Connecticut. To-morrow being private bill day, it will require unanimous consent to take up the Treaty.

Mr. Toucey complains bitterly because a large number of copies of John Wheeler's speech against the administration were circulated in Connecticut. He thinks that it aided to produce the recent deplorable result.

Old Bullion is in high feather. He laughs immoderately over the result of the elections in Connecticut and Rhode Island.

STRAITS OF MACINAC.—The news from the Straits is that the late winds had filled up the passage with floating ice, but that the mass is beginning to rot very fast, and that a week or two of warm weather would make every thing clear.—*Chicago Press.*

ADVERTISING.—With the sharp competition prevailing among those engaged in business—a competition which brings into operation all the energies a man possesses—which keeps him constantly upon the run during the day, and allows him little repose all night—it is especially important that persons advertise, and do it upon a comprehensive and liberal scale. It is not sufficient that an individual has been a long while in business, that his house is known to the older part of creation, and his reputation established in that circle; it is not sufficient that "drummers" are employed to hunt up or run down customers; it is not sufficient that eligible situations for mercantile transactions are secured, and handsome stores fitted up; these contrivances were all very well, and answered every purpose at an earlier period; but in these days of multiplied population and universal demand, of railroads and steamers, of lightning and newspapers, they will not suffice. Times have changed: the road to wealth and competence has changed. People do not travel by Post Coaches now; they take conveyances which are propelled by steam. When the New-York daily papers were printed upon hand presses, the enterprising merchant advertised in them, and thus accumulated his regular customers. But a great revolution has taken place; both the City and Country have changed, as well as the manner of doing business. Men have adopted the *go ahead* principle. The American people have become a *fast* people. Everything goes with a *rush*. People make or lose money with a rush; they are not permitted to do business in a quiet way, if they would. They must throw themselves into the great current, and move onward with the crowd; it is idle for them to demur, attempt to break the force of the tide; the moment they do so, they *go down*, and their places are filled by some Young America. Now, the times are such that men in business are obliged to advertise; they are obliged to do it to keep pace with the crowd; they cannot hope to be successful without it. It is required by the spirit of the age. It is as indispensable to the merchant and dealer as the Power Press is to the Newspaper manufacturer. A very limited amount of Printing may be done upon a hand press, and a limited mercantile trade may be carried on without advertising; but whoever expects to be successful either in the printing or the mercantile business must adopt all the modern improvements, among which, in the latter line, we consider that of advertising the chief and greatest.—*N. Y. Tribune.*

Hippocrates and Bacchus.

A society has been formed for the purpose of procuring the legislative prohibition of the sale of fermented liquors, except for medicinal purposes. Should a law to that effect be enacted, the only question will be, what purposes are, or not, medicinal? But that question will be rather what is termed a poser. For example, melancholy is a disease, and if brandy and water is permitted to be taken in cases of mental depression, there will be no end to keeping spirits up by pouring spirits down. A dram is a popular and efficacious remedy for a pain in the interior, but if that is to be allowed as an excuse for taking it, the majority of the population will be constantly having stomach aches. Some people may think to settle the difficulty by referring it to medical men, who, however, naturally, would be too happy to prescribe liquor to healthy applicants, in the hope of getting them for real patients. An English liquor law, treating strong drinks as drugs, would at any rate be a boon to the medical profession. For one draught that a physician now prescribes he would have to prescribe thousands, if in him were vested the privilege of prescribing draughts of ale. One wonders in what form a doctor would frame his receipe for the complaint that deans and chapters, for instance, are apt to be troubled with after dinner. Perhaps, in some, such as the following: *Rg. Vin: Alb: Hispan: seu Rubri quant: suff: cujus sumatur cyathus subitude, urgente siti:* which would be a technical order for unlimited port or sherry. Or the generous medicine might be ordered thus: *Rg. Vin: Cujusvis, oij: gradatim, post prandium, haurienda: et repr. si opus fuerit*—a bottle of any wine you like to be drunk by degrees after dinner, and repeated if necessary. Another prescription might be given for a bowl of spiced wine, concluding with the direction, *Fiat Episcopus, statim sumendus*—let a bishop be made, to be taken immediately. Small glasses of brandy might be prescribed *pro re nata*—occasionally, and an alcoholic mixture might be ordered by the formula, *Misce pro pileo dormitorio hora somni summend*—mix for a nightcap to be taken at bed time. In surgery windows we should see in great gilt letters such inscriptions as *Cerevisia Londinensis*, XXX *Opt.* or BARCLAY PERKINORUM *et Soc. Integra.* A new feature would have to be introduced into medical education, and the examiners at Apothecaries' Hall would require candidates for their diploma to understand the beer engine.—*Punch.*

From the Far Northwest.

The Council Bluffs "Bugle" publishes the summary of a "talk with Col. A. G. Vaughan, Government agent for thirteen tribes of Northern Indians. The Colonel distributed $20,400 among his charge, which sum they are to receive annually as long as they maintain the Laramie treaty. The tribes, amounting in individuals to 70,000, were friendly and at peace among themselves.—He arrived at Yellow Stone on the 4th of July.—On the 3d he had seen "plenty of ice on the banks of the Missouri." The whole country north of Iowa is a broken, sandy, and valueless waste, but to view presents scenery of the most magnificent character. In one region (north of Iowa) he found every thing on the surface of the ground, logs, vegetables, animals, in a partial or complete state of petrifaction. He saw tortoises by the score which would weigh upwards of 500 pounds turned to solid rock. The Colonel brought with him several specimens of petrifaction, such as eagles, gulls, reptiles, pieces of wood, &c. The country he traversed on his return to Council Bluffs was not visited with any snow and scarcely with any rain during the winter. He reports favorably of the Sioux, and it is not the Sioux but the Santees who are creating ill feeling against the Omahas. The thermometer ranged between 90° and 100° in August at Fort Pierre, where Mr. Vaughan wintered, while in December it fell below zero. After leaving Sargeant's Bluffs he visited the band of Santees who have been in pursuit of the Omahas, and advised them to return home, which they promised to do.

The Crystal Palace and Mr. Barnum's Enterprise.

The prospects of the reopening of the Crystal Palace, under improved auspices, are growing more encouraging. It will be recollected that Mr. Barnum, in his recent letter, addressed to the Directors of the Crystal Palace Association, declared his willingness to undertake the responsibilities of the Presidency, in case certain provisions were complied with. It was at his suggestion that a subscription was set on foot for the purpose of disposing of a given number of tickets of admission to the Exhibition. It was held out as an inducement to merchants, proprietors of hotels, and business men generally, that the purchase of tickets and the interest of all parties to forward the enterprise, would serve to place the Palace again on a firm footing.

The proposition has met with a cordial response from our citizens. We learn that the following tickets have already been taken:

(We omit the list; it amounts to $61,800.)

If this sum can be increased to $100,000, as may easily be done, there will be probably be no further difficulty in reorganizing the Crystal Palace upon such a footing as shall secure its complete success.—*N. Y. Times.*

A SEVERE SPELL OF WEATHER.—According to published accounts, the weather must have been uncommonly severe in New England this spring. A few weeks only and we could not take up a paper scarcely but it was "all *hail* New Hampshire." A short time after, we noticed it was "all *hail* Connecticut," and at this present writing, we cannot look into a paper for news but what "all *hail* Rhode Island" greets us. The storm appears to be extending westward, and about the ides of November, we should not be surprised if, as the Almanac's say, we might "expect hail about this time" in Illinois.—*Chicago Journal.*

Mrs. Swisshelm, the Lady editor of the Pittsburg Saturday Visitor, in her last issue, says with her characteristic candor and simplicity.

> "Indisposition which kept us in our room prevented our seeing or hearing Miss Brown while she was in Pittsburg, and a sudden influx of domestic cares prevented our doing the usual amount of editorial work last week."

In the good time coming when women are to take their places side by side with man at the Cabinet board and in our legislative halls, we fear that such little interruptions from "a sudden influx of domestic cares" may something prove embarrassing.

A STEAMSHIP TO TALK ABOUT.—An immense iron steamship is now constructing at the yard of Scott, Russell & Co., at Blackwall, near London, for the Eastern Navigation Company. She is to be a screw and paddle steamer. The dimensions will be nearly as follows: Tonnage 10,000 tons, or builders measurement, 12,000 tons; extreme length, 500 feet; extreme breadth, 82 feet; depth of hold, 58 feet, with screw and paddle engines of the aggregate nominal horse power, 2,800 horse; stowage for coals, 10,000 tons; for cargo, 5,000 tons; 500 first class cabins, with ample space for troops and lower class passengers. The entire construction will be similar to the tube of the Britannia bridge, a kind of double ship, with a space of 2 feet 8 inches between of a cellular formation.

APPOINTMENT.—The Governor has appointed the Hon. D. S. Vittum one of the Commissioners to locate and build the Lunatic Asylum. His Excellency could not have entrusted this important business to better hands. Mr. V. drew up the bill and report upon this subject, which we consider one of the best productions of the session.—*Baraboo Standard.*

POLICE COURT—April 11.

EXAMINATION FOR LARCENY IN A DWELLING HOUSE.—Three men, named Peter Michelstaat—Jacob Hamner, and John Seubiar were brought into court by Constable Meloy and Kessler, the two latter from jail, to answer the charge of John Gerig of having on the 10th of April stolen from the complainant one half barrel of beer, and four twenty-five cent pieces, the property of the complainant. The testimony was in substance that the defendants went to the complainant's house, which the complainant had recently bought out, and thereafter a short time took hold of defendant by the collar, when Seutlar pulled out the money drawer and each took out some of the money and put it in their pocket. The attempt was made to take the beer described in the complaint, when the man who was a witness and from whom the complainant had purchased the purse and *etceteras* in the bar room, came along and told them the beer belonged to the complainant and they must not take it. The prosecution had closed the case when the defence called the wife of the complainant as a witness, who stated that she was present at the difficulty and detailed substantially the evidence of the other witnesses; that the father and son were pushed away from the drawer when the money was taken, adding "and that man, (pointing at one of the defendants) took out a knife and wanted to kill my husband." Counsel. That'll do with this witness. District Attorney—We've no objection to your examining *your* witnesses farther if you wish to! Counsel; It was the request of one of the defendants that this witness should be called." It was also stated by a witness that the parties appeared to be pretty much drunk at the time of the trouble, and that it occurred in the afternoon about 2 o'clock.

After a few remarks of the defendants' counsel, the court remarked that there could be but one disposition of the case; that it possessed all the ingredients of larceny, and presented a good many of the features of robbery; as to the amount of bail, he would listen to any suggestions from the district attorney. The district attorney remarked that he was strongly of the impression that the grand jury might consider it a case of robbery, as it presented, if the testimony of the wife was true, proof that violence had been used, and that those circumstances should be taken into consideration, as well as the knowledge the court had of the previous character of one of the defendants at least. In fixing the bail, he should suggest that the bail be fixed as high as it could reasonably be done. The court fixed the bail at $300 each; the defendants in default were taken to jail.

Clairvoyant Exhibition.

By an advertisement in this morning's paper, it will be seen that Miss MARTHA LOOMIS, who has been causing great wonderment in various parts of the country, and latterly at Madison and Waukesha, by her feats in "clairvoyance," commences this evening, at Young's Hall, a series of exhibitions. At Madison, many of the members of the Legislature attended her exhibitions, and were astonished at the feats of natural magic performed there; but that was no great test, since the Legislature was remarkable for anything but passing appropriation bills. However, many of the citizens attended, and *their* testimony is conclusive as to the reality of the strange phenomena witnessed. We append a note from one of our citizens who was present at an exhibition in Waukesha on Monday evening:

> *Messrs Editors:*—Having witnessed an exhibition of the clairvoyant faculty by Miss Loomis in this place last evening, (the first of the kind I have ever witnessed,) I want to say to your citizens, if they wish to be convinced that at least one person can see without eyes, or at least with eyes securely bandaged, go and hear her, and present any tests you please. I will be responsible for the money you spend, if she fails to demonstrate the possession of this faculty. J.
>
> Waukesha, April 11, 1854.

Our friend J. is entirely safe in his offer to refund the money, even if made over his own signature, for there is really no mistake about the possession by Miss Loomis of this mysterious faculty. Our natural philosophers do not succeed in unravelling the mystery yet, but the time will come, when the other "good time" comes, about which everybody talks.

New Advertisements.

A. W. PAINE, Esq., of Fond du Lac, gives notice that he has an abstract of the titles to lands in Fond du Lac County, and is ready, as we doubt not he is prompt and competent, to attend to all business entrusted to him.

CALEB WALL advertises a large sale of household furniture, &c. at his Auction Room to-day, where bargains are to be had for the trying.

THE HAZARD POWDER CO. invite attention to their various qualities of "villainous saltpetre." Sportsmen and others, accustomed to use the article, are unanimous as to the good quality of the manufacture of this company.

E. QUIN, in a just appreciation of the benefits of advertising, puts himself before the public for a share of patronage at his City Bindery, a few doors north of us. We *know* Mr. QUIN to be a good workman.

GEO. D. MOREY, Merchant Tailor, on Washington Avenue, (better known as Huron St.) stands (or sits) ready to attend to the wants of all comers, and will doubtless give them fits, like a good workman as he is.

THE FREE TRADE LINE of Propellers and Steamers, concerning which we made an item of yesterday, tell their own story in our columns today. Messrs. KELLOGG & STRONG, active, energetic business men, are to be the agents for this city.

THE CLINTON LINE also has its card for the season in to-day's paper.

DR. EARTLEY, of Philadelphia, gives a "Caution to Deaf People," which they are all expected to *hear*, and profit by.

ROONEY, at the Giant Auction Room, offers inducements for "Two Smart Young Men."

CRICKET! The Milwaukee Cricket Club "open the ball" for the season, on Friday afternoon next, at the old ground, on Spring St. Hill. A preliminary meeting of the club, and of those who wish to become Members, will be held on Thursday evening at the "Cricketers' Retreat," BARNETT & BIGNALL, Huron St. opposite the U. S. Hotel, on Thursday evening at 8 o'clock.

TEACHERS OF CITY SCHOOLS. The newly appointed teachers will oblige the Secretary of the Board of Commissioners by calling to-morrow (Thursday) morning, at his office in the Common Council Room, to sign their contracts.

FOR GREEN BAY. The steamer *Fashion*, Capt. NEWBERRY, as will be seen by her advertisement, leaves for Green Bay on Friday morning, offering a pleasant and speedy passage to persons bound northward. For passage, HARD & GRIFFIN, corner Main and Huron St's. are her Agents.

WALKER'S PT. BRIDGE.—The contractor is steadily at work at this handsome and substantial structure, and the probability is that some time next week, it will be completed. There will then only remain the drawing of the old piles in the channel of the south end, which will be no easy job, since they are driven 10 feet deep in the blue clay at the bottom of the river.

ATTEMPT AT INCENDIARISM.—The *Free Democrat* of last evening states that an attempt was made the night previous to burn the stable of J. F. Birchard, in the rear of his cabinet warehouse. Mr. Birchard discovered the combustibles on fire near the door, in time to extinguish the flames.

BOARD OF SUPERVISORS AGAIN.—Somehow, we cannot succeed in giving the public the facts as to the meeting of our County Legislature. Our information yesterday came, as we supposed, directly from the Clerk, but we are now told that the meeting does not take place till *two* weeks from next Monday. *Free Democrat* please correct.

☞ The new schooner *Napoleon* is loading with brick for Chicago, and will leave this evening, if the wind is fair. She will take from 95 to 100,000.

The Brig *David Ferguson* is loading for Buffalo at Wells & Hill's warehouse; she will take on 12,500 bushels of wheat.

The Steamer *Fashion* left Manitowoc on Monday evening, and arrived here yesterday morning. The Captain had heard of no damage to vessels on the route.

The Brig *Robert Burns* was towed down the river yesterday to complete her loading for Buffalo, but went hard aground on the shoal in the basin. That basin ought to be thoroughly dredged out forthwith.

WISCONSIN STATE BANNER.—This Banner, painted by MR. LUND and exhibited at the World's Fair in New York last year, is now at the Daguerrean Gallery of D. H. WALDO, on Wisconsin street, where it may be seen for a few days, prior to its removal to the Capitol at Madison.

Oats and barley—light receipts, and taken at previous rates.

Holloway's Ointment and Pills, the best Remedies for the cure of Bad Legs.—Mrs. Happel, of Blyth, near Morpeth, was afflicted with a dreadfully bad leg, for which she consulted the most eminent medical men in that neighborhood, but it would not yield to their treatment. Her health suffered severely, and the state of her leg was terrible; the ulcers rapidly increased in size, and the pain was most agonizing. In this state she commenced using Holloway's Ointment and Pills, and after continuing them for some short time the leg was completely cured, and she is now in the enjoyment of excellent health. Mr. Wilkinson, druggist, Blyth, vouches for the accuracy of this statement.

A WONDERFUL DISCOVERY has recently been made by Dr Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has innumerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan 14th.*

☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark that the vast number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have recourse to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

Caution to the Deaf!

DOCTOR HARTLEY, Proprietor of the EAR INFIRMARY 31 Sansom Street, Philadelphia:

THE only institution in America exclusively and successfully devoted to the treatment of ear diseases, and the only acknowledged Aurist in the United States, generally offers to attend all persons suffering from affections of the ear without charge, until cured, thereby proving his success unequalled, and protecting the deaf from being swindled by paying SELF-STYLED Aurists exorbitant Fees in ADVANCE, and the infliction of yet more serious evil, by permitting the application of dangerous remedies by inexperienced and unskillful hands.

DR. H. may here state that he has no connection whatever with any person advertising to cure deafness. Neither has he given permission for the publication of a "certificate," purporting to emanate from him, and cannot, therefore, be responsible for any alarming consequences resulting from rashness and desperation. The loss of money may not be material to some persons, but the deprivation of one of the most important of the senses, ought to be regarded and treated with more than ordinary solicitude.

The number and importance of the demands on the attention of Dr. Hartley, render it impossible for him to name the exact day of his arrival in this city. Due notice will be given.

Testimonials from Professors Mott, Baker and Whitaker will be submitted. dtf ap12.

Milwaukee, March 1, 1854. mar3o&w6mo

To Real Estate Agents and others.

THE SUBSCRIBER, desirous of settling in Milwaukee, offers to exchange or sell his Real Estate for Property in this City, or Farms in this State. Said Estate is situated in Ann Arbor, County Seat of Washtenaw County, Mich., 38 miles west of Detroit, on the Michigan Central R. R., and well known as the handsomest and healthiest city on the line. Its population is about 6,000, and it is the most pleasant and thriving business City in the State, being the site of the Michigan University, Medical College and Observatory, which receive every year over 1,000 Students from every part of the Union. Its Water Privileges and surrounding Farming Country are second to none in the State.

The property offered is a New Block of Four Brick Stores, Stuccoed and Finished throughout, known as the Buchoz Block, and will in a short time be the best business part of the City. Adjoining said Block is a Fashionable Brick Dwelling House, finished for my private use, at a cost of about $5,000. Also a well-stocked Lumber Yard, and a Hardware Store, doing now a first rate business. This is a chance seldom met with, for a person wishing to engage in the trade. I will sell with or without said Stock of Goods. Take the Property together, it is the best and safest investment in the city.

Also several good Improved Farms, near Ann Arbor. Also Two First Rate New Billiard Tables, to exchange for Milwaukee Property.

For further particulars inquire of A. B. VAN COTT, Watch Maker, Milwaukee, or direct to me at Ann Arbor, Michigan. Title Perfect.

ZINC PAINTS.

THE NEW JERSEY ZINC CO. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in WHITENESS, BRILLIANCY and DURABILITY, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, using equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any other on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for Painting Cottages, Depots, Out Buildings, Bridges, &c.

Their Paints, which are sold Dry or Ground in Oil, are warranted pure, and put up in Kegs of 25, 50, 100 and 200 lbs., to be used precisely like White Lead.

NEW AND IMPROVED
SEWING MACHINES.
THE AMERICAN
Magnetic Swing Machine Co.,
NOW OFFER FOR SALE AT THEIR ROOMS
397 Broadway, N. Y.,
By far the most perfect and valuable Sewing Machines that have yet been invented.

THE PUBLIC are respectfully invited to call at the rooms of the Company, and examine the operation of the most superior machine ever presented to their notice.

It is the result of three separate inventors, each of whom distinct in himself, claims originality. The first of whom is ELIAS HOWE, the first inventor of Sewing Machines, who introduced the shuttle movement, without which every machine is comparatively useless. The next was THOMPSON, who adapted the machine to certain portions of tailors' work, and Mr. COON, by means of the peculiar formation of the shuttle combined with other recent improvements of his own invention, has made a machine capable of doing any and all work that can be effected by means of the needle. The machine now offered for sale presents the following distinct and peculiar features:—

1st. It is extremely simple in its construction, and in no way liable to get out of order.

2d. The stitches are uniform, perfect, and present a beautiful appearance never before attained by any machine.

3d. The sewing done by this machine is *warranted* never to rip or ravel—a frequent cause of complaint heretofore from those owning machines of a different character.

4th. Any and all kinds of work can be done on our machine with unusual facility—silk, linen, cotton, or woolen fabrics and leather, each present the same beautiful appearance.

5th. By means of friction rollers the thread can be made tight or loose upon the cloth at the will of the operator.

6th. The length of the stiches can be graduated with mathematical exactitude by the operator, from the fine and delicate stitch requisite in shirt making, linen bosoms, collars, ornamental work, etc., up to the coarsest stitch taken in sole leather, etc.

7th. The finest curvature can be worked, and beautiful designs of flowers, baskets of fruit, representations of beasts, birds, etc, can be as elegantly and elaborately worked by the aid of this machine as by the most skillful seamstress in existence.

The American Magnetic Sewing Machine Co., Have determined to sell the best Sewing Machine in existence, and have succeeded beyond their warmest anticipations. The speed of the machine is also a great feature that must secure the attention of the purchaser. It will take with ease

FIVE HUNDRED STITCHES PER MINUTE!

LIVER COMPLAINT.
JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,
AND
all diseases
arising from a Disordered Liver or Stomach,
such as Constipation, Inward Piles,
Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head DEFICIENCY OF PERSPIRATION, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great Depression of Spirits, CAN BE EFFECTUALLY CURED BY DR. HOOFLAND'S CELEBRATED GERMAN
BITTERS,
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.
These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
[From the Boston Bee.]
The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."
SCOTT'S WEEKLY.
One of the best literary papers published, said, August 2 "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.
The Hon. C. D. HINELINE, Mayor of the City of Camden N. J., says:
"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the same induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.
"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally.—This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."
Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.
That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.
LOOK WELL TO THE MARKS OF THE GENUINE.
They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
For sale, wholesale and retail at THE GERMAN MEDICINE STORE, No. 120 Arch street, one door below Sixth, Philadelphia, and by respectable dealers generally throughout the country.

The Greatest Discovery of the Age.
PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—remove all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:—
STATE OF ILLINOIS, } CARLYLE, June 27th, 1853. }
I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so. SIDNEY BREESE, Ex-Senator United States.
VINCENNES, Ind., June 15, 1852.
Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.
ST. LOUIS, June 29, 1853.
Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair. H. L. STEWART.
The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—
ST. LOUIS, September 20, 1853.
Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.
St. Louis, September 29, 1853.
Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had w[illegible] twenty years ago.
I commenced using the Resto[illegible] weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the [illegible] hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed.
Yours, very respectfully, N. B. HOLMAN.
BLISSFIELD, June 10, 1853.
Prof Wood—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was a silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an application of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.
Extract of a letter from R. Thorn, Sheriff of La Salle county, Illinois:
OTTAWA, Ill., August 21, 1853.
Prof O J. Wood—Dear Sir: Yours of June 21st, accompanied by a bottle of your Hair Restorative, was received. I very soon thereafter commenced using it, and it has entirely restored my hair to its natural youthful color.—There is considerable inquiry for the article, &c.
Very respectfully yours, R. THORN.

PATENT MEDICINES

Great New England Remedy
FOR
Coughs, Colds and all Lung Complaints!!
HUNTER'S CELEBRATED
Pulmonary Balsam or Cough Syrup,
PREPARED BY
CURTIS & PERKINS, DRUGGISTS,
BANGOR, MAINE.
Proof Positive---Skeptics Read—Testimony! Testimony!!
HAMPDEN, Feb. 24, 1846.
Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,
I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.
BENJAMIN L. POMEROY.

The Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dyspepsia.—They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties with regularity.

A CARD.
MRS. WINSLOW TO THE LADIES.
Mrs. Winslow, an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the Bowels. Depend upon it, Mothers, it will give rest to yourselves and relief and health to your children.
Price 25 cents per bottle.
We have sold very large quantities of Mrs. Winslow's Soothing Syrup, during the past six years, over 20,000 bottles the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other cause. It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and effecting cures. In all cases above stated if taken in season relief is *immediate* and *absolutely certain*.
CURTIS & PERKINS, Druggists, formerly of Bangor, Me., now at No. 40 Cortlandt Street, New York.
Agents are now being established in all the principle towns in the State of New York.

CRAMP AND PAIN KILLER.
The world is astonished at the wonderful cures performed by the Cramp and Pain Killer, prepared by Curtis & Perkins. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious cholic, chills and fever, burns, sore throat, and gravel, it is decidedly the best remedy in the world. Evidence of the most wonderful cures ever performed by any medicine are in circulars in the hands of Agents. You may be *positively sure of relief* if you *use it*. *Millions of bottles* of this medicine have been sold in New England the past six or eight years—it is now for the first time being introduced into all the principle towns in New York.

HENRY'S INVIGORATING CORDIAL.
PURELY VEGETABLE IN ITS COMPOSITION.
THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Flour Albus or Whites or for
DEBILITY
arising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a Tonic Medicine is required, it will be found equal, if not superior to any Compound ever used.
TO FEMALES.
Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.
YOUNG MEN.
That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes
NERVOUS DEBILITY,
Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of
MARRIAGE,
lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.
AS A TONIC MEDICINE,
it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.
THE GENUINE "HENRY'S INVIGORATING CORDIAL,"
is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.
☞ Sold for $2 per Bottle; Six for $8; $16 per dozen.
Prepared only by S. E. COHEN, No. 3 Franklin Row, Vine Street, below Eighth, Philadelphia, Pa., TO WHOM ALL ORDERS MUST BE ADDRESSED. For Sale by all respectable Druggists and Merchants throughout the country. oct24-1yd&w.

PROSPECTUS OF
Thos. H. Benton's Great Work.
THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & Co., New York, and sold exclusively by subscription.
During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.
This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.
Price $2,50, payable on delivery of the book.
The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

DOCTOR D'S
Old Lock Hospital.
NO CURE NO PAY.
No. 112 Wells Street, Chicago.
The Only Certain Remedy,
FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have stood in need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.
Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.
Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorhœa, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and see himself cured.
The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.
The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.
☞ Office will be kept open from 9 A. M. until 9 o'clock at night.
All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

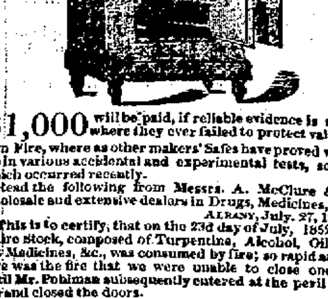
"MAN KNOW THYSELF."
An Invaluable Book for 25 Cents.
"Every Family should have a Copy."
6000 COPIES sold in less than three months! A new edition, revised and improved, just issued.
DR. HUNTER'S MEDICAL MANUAL AND HAND BOOK FOR THE AFFLICTED—Containing an outline of the origin, progress, treatment and cure of every form of disease, contracted by promiscuous sexual intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style avoiding all medical technicalities, and everything that would offend the ear of decency, from the result of some twenty years successful practice, exclusively devoted to the cure of diseases of a delicate or private nature.
To which is added, receipts for the cure of the above disease, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar: will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia."
"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.
"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.
A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."
One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia. Booksellers, Canvassers and Book Agents, supplied on the most reasonable terms. my21-1y

FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.
Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.
ALBANY, July 27, 1852.
This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.
After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.
We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 19, 1852.
This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.
P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.
After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.
Raymond, Ward Co. will receive orders for Davidsons Fire and Thief Proof Bank and Vault Doors. del8
This is to certify that on the 26th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.
